

Sequoia Charter School

Course Syllabus – ADD IN

Course Information

Credit Hour:

Period: 1,2,4,5,6

Class Location: BLDG 2 Room 208

E-Mail: Bdeghani@edkey.org

Teacher Information

Name: Bahram Deghani

Phone: 480-649-7737 ext.208

Office Hours: Before and after school

Course Description:

This course is designed to help you improve your confidence in your math skills. We will explore math in a variety of ways. We will focus on developing understanding of and applying proportional relationships; developing understanding of operations with rational numbers and working with expressions and linear equations; solving problems involving scale drawings and informal geometric constructions, and working with two and three dimensional shapes to solve problems involving area, surface area and volume; and drawing inferences about populations based on samples. The best way to be successful in 7th grade math is to come to class with a positive attitude and an open mind each day.

Course Competencies/ Learning Objectives

Students who successfully complete Senior Transitional Mathematics will be competent in the following areas:

- Analyze proportional relationships
- Perform rational number operations
- Generate equivalent expressions
- Understand geometric relationships
- Analyze and compare population
- Make sense of problems and persevere in solving them
- Reason abstractly and quantitatively
- Model with mathematics
- Use appropriate tools strategically

Attendance

Attendance is vital to academic success. We expect students to attend school every day so that they will have the greatest opportunity to have a successful academic year. A student who has 10 absences (excused or unexcused) from a class within a semester may be withdrawn from the class. The student may lose the credit for that class, but may recover the credit by taking the class on-line or in a traditional class setting the following school year.

Online Grade Book

Did you know that you can access your child's grades and assignments? Parents and students should monitor grades regularly by accessing the online grade book, Powerschool. Parents will be assigned a confidential access code to Power School

that will allow them to see your child's grades, assignments, and attendance in each class. To take advantage of this powerful tool, parents should go to <http://edkey.powerschool.com> and enter their ID and password. You can receive your ID and password from the front office.

Classroom Expectations

1. Arrive to class on time
2. Raise your hand if you have any question
3. Be respectful
4. No electronic devices are to be used in class unless instructor gives permission for instructional purposes
5. Be on task- do not disrupt others in the class.
6. Come prepared- this means bring all necessary materials to class.

Grades and Scale

Below 60% is considered "Incomplete." An "incomplete" signifies that a student has not mastered the essential standards or requirements of the course and must re-take it.

Weight scale

- Class participation / attendance 10%
- Homework: 10%
- Projects/Papers / labs: 30%
- Classwork: 25%
- Quizzes /Test: 25%

Tardy

Students are encouraged and expected to be in their class on time. A tardy is defined as "not being in an assigned seat when the bell rings". If a student is tardy six or more times in a five week period, he/she will be assigned to Behavior Intervention Program (BIP) by administration.

Suspensions

If a student is suspended, he/she may not make up the 'day to day' assignments. However, if there is a major test, project, or paper due during the suspension the student must still make up those assignments. Sequoia's late/missing work policy will be upheld for these assignments as well.

- Note: A student has the equal amount of days suspended to complete all missing assignments.

Class Requirements

- Spiral notebook
- Pencils
- Red pen
- Highlighter
- Folder

Important: *If you are having trouble with this class, seek help immediately. If you wait till the end of the marking period, it most likely will be TOO LATE to receive the proper amount of help to influence your grade.*

Please go over this with your parents/guardians, as the student and the parent/guardian are required to sign and return before August 12, 2016.

The signature portion will be counted as a homework assignment, and there will be a quiz over the material.

-----Please cut along the line and return-----

My student _____ has gone through the Syllabus for 7th Grade Mathematics. We are both aware of the expectations of the class.
